MATT. TRAFFIC RULES MAILED

Mattapoisett residents will receive a booklet by mail this week containing proposed Traffic Rules and Orders for the town. The parking plan is the result of a lengthy study made by the Mattapoisett Special Committee which was set up to study parking problems and to repare a plan. The Special Committee had the assistance of the State Department of Public Works which has approved of the Traffic Rules which are contained in the booklet.

The new regulations would make Cannon Street one way southerly between Church Street and Water Street and would make Pearl Street one way northerly between Water and Church Streets.

One side of the street parking is set for many streets in town.

The new traffic rules will not go into effect until after the regular town meeting in the Spring because money will have to be appropriated for the many signs that will be necessary to implement the plan.

Rochester Woman's Club

One of the most active and ambitious civic groups in Rochester is the Woman's Club. The Fall program opened with Mrs. Thomas Bancroft presenting an interesting program on the analysis of members' handwriting.

WOMAN'S CLUB PROGRAMS

With the feeling that some of our new neighbors in town, or even some of our friends who have lived here longer, might be interested in hearing about some of the programs we have planned for this coming season, the Mattapoisett Woman's Club would like to tell you about a few of the highlights.

The opening meeting on September 26th will be a pot luck luncheon. Featured speaker for the afternoon will be Mr. Milton Babcock speaking on "Early New England Interiors". Through the next 7 months, the programs will vary from "An Armchair Tour of the Louvre" to a "Cotton Wardrobe Style

Show" with our own members as models. We will hear a group of song stylists from Harvard University called the "Krokodiloos", and will join Mrs. Anne Tibbetts on a "Christmas Holiday Abroad". A well-known resident of Mattapoisett and an esteemed member of our club, Miss Lydia LeBaron Walker, will entertain us with her "Old Parlor Tales & Recipes"; Mrs. Ruth Edwards will come in February with her talk and slides on "Treasures from Nature"; and last but far from least, our talented drama group will present a play in March.

Any women who would like to join us in this year's activities may contact Mrs. Clarence Fountain at 758-2906 for further information or to obtain an application blank for membership.

Grange Installation

The installation of officers for Mattapoisett Subordinate Grange will be held at an open meeting Thursday night, September 19th, at 8 P.M. in the Grange hall. Installing master will be Past State Deputy, Gilbert Collins, who will be assisted by Past Masters of the Junior Grange, Donald Johnson of Falmouth as marshall, who served as Junior Master in 1953, Terry Cray as chaplain, master in 1958; Bradley Barrows as soloist, master in 1952; Mark Harris, 1967 and 1968, and Wayne Sylvia, 1966, as aides. Walter Caswell is pianist for the team.

Mr. and Mrs. William Smith will be hosts.

Readers Debate School Year

LETTER TO THE EDITOR

It is with deep concern that we recently learned of the Rochester School Committee's Consideration of a twelve-month school session. We feel that at the most such a plan is doomed to failure, and at the least it contains certain inherent faults which make it undesirable and administratively difficult.

First, let us consider the financial aspect. As we understand it, the prupose of this proposal is to "save" Rochester money. With the introduction of year-round use of the school, the first necessary step would be to air-condition the building. Children cannot possibly achieve at maximum levels while sweltering in the heat. This would be an expensive project both in terms of installation and operation. Another financial escalation would be reflected in increased teachers' salaries for year-round employment and in the hiring of additional aides. Granted, these expenses do not equal the cost of building alone or with another town; however, if this experiment does not succeed, we will have these expenses in addition to the cost of building.

From the administrative angle, the year-round school plan seems difficult, if not impossible. The hiring of teachers on a twelve month basis would not be an easy task. Many teachers use their summers to take courses for their professional improvement or to augment their incomes with jobs that pay more than teaching. Another problem would be the scheduling of vacations. It has been mentioned that an attempt would be made to have all vacation periods for each family fall together. This would be impossible since some families have children at Memorial School and at Old Rochester Regional High School. Furthermore, with the staggering of vacations throughout the year, it is difficult to understand how this system would be feasible from a teaching standpoint.

Finally and perhaps most importantly, consider the twelve month school as it affects the children. How would it feel to be an active, healthy child confined to school during the months of July and August, while most youngsters are enjoying the outdoors? It is cruel to expect children to spend the summer in school most of the day, especially in an area such as Rochester where warm weather activities abound. The psychological impact of this situation would most certainly prevent a number of students from achieving at their potential levels. On the other hand, a winter vacation might only lend itself well to two months of passively watching television.

There are several preferable alternatives to the twelve month school plan. First, there is the proposed "Middle School" which is being considered by the town of Marion to relieve the student load at both the elementary and the high school. Since the 7th grade will soon be eliminated from the high school anyway, it will be necessary to find a place for 7th grade students elsewhere. If we refuse to help build a middle school, then we will have to pay for the 7th graders on a tuition basis. The main reason for incorporation of a middle school in our present system is that it would retain, if not increase, the current high quality of education which Rochester enjoys. Another alternative, although not a completely satisfactory one, is the introduction of double sessions. This system, too, would present many problems, and like the year-round school, could only be considered a temporary adjustment. However, it does seem like a more logical solution and one possible within the framework of our present state laws.

(It is important to realize that Rochester's basic problem is not how to save money by keeping the school budget down, but how to relieve the taxpayer's burden by finding other sources of revenue for all town expenses including education. It would be well to look into possibilities in this area including introduction of some types of business (es) in Rochester.)

How long will the 20% additional space provided by the year-round school system be enough? In ten years, at the most, Rochester will find it necessary to build, and by then construction costs will have risen considerably. The twelve month school plan was tried in this state some years ago and abandoned because it did not work. Let us in Rochester not gamble with our children's mental and physical development in the hope of saving the town some money. The ultimate price is too high.

Sincerely yours,
Julia Enroth

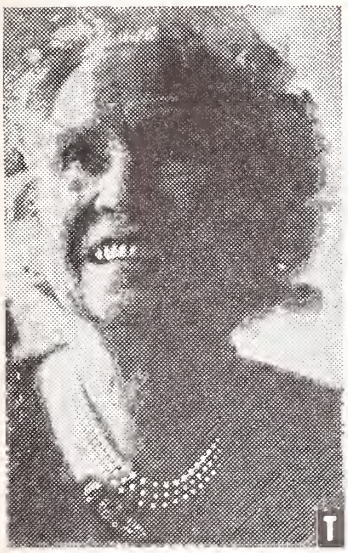
A THANK YOU

I wish to thank everyone for the cards and good wishes I received while I was in the hospital.

Margaret Aiken.

HELEN KELLER: WOMAN OF VISION



In these times of drop-outs, alienation and self-pity, the spirit of the deaf-blind Helen Keller stands as a monument to total involvement.

Armed with the example of her own triumph over adversity, she crusaded lifelong for the sightless and the deaf-blind. Miss Keller's graduation cum laude from Radcliffe College was only one of her miracles. She also authored 13 books, championed trade unions and women's suffrage, rode horseback, danced and enjoyed a beer or a hand of cards. She carried her crusade worldwide, speaking to hundreds of thousands, among them kings, queens and presidents.

She was showered with university degrees, medals and other tributes — most recently the Helen Keller Memorial Fund. It was established after her death last June, and co-sponsored by the American Foundation for the Blind and the Helen Keller World Crusade, both with headquarters in N. Y. C. The Memorial Fund campaign is your chance to get involved in carrying on the work of a woman who lived fully — for herself and for others.

Mattapoisett Grocer Dies

Mr. Domingos Sylvia, a 40-year member of the Mattapoisett business community, died very suddenly on Friday. Mr. Sylvia passed away at St. Luke's Hospital where he had been a patient only a few days. He was the husband of Mrs. Alvarina (Araujo) Sylvia.

He was a resident of Fairhaven where he lived at 90 Center Street. He retired in 1960 and, with his wife, took a trip to Portugal. He was born in Pico, Azores. Since his retirement, Mr. Sylvia returned often to Sylvia's Market which he built and ran for more than 40 years on Church Street in Mattapoisett. He enjoyed coming in to help out on weekends and to see and talk with long time friends. Mr. and Mrs. Sylvia celebrated their 50th wedding anniversary a few years ago. The occasion was a large, happy gathering of the Sylvia family.

Surviving, besides his widow, are five daughters, Mrs. Dena Fernandez, Mrs. Mary Blanchard, Mrs. Beatrice Pond, Mrs. Evelyn Farnsworth and Mrs. Elizabeth Schonheinz, all of Fairhaven; a son, George M. of Tiverton, Rhode Island; four brothers, Frank of California; John M. of Fairhaven; Antone of New Bedford; and William of Pico, Azores; three sisters, Mrs. Mary Rodriques of New Bedford; Mrs. Emily Vieira of California; and Mrs. Mary M. Ramos of Pico; and 20 grandchildren.

Miss Sparrow Memorial

CLOSING DATE FOR MINERVA M. SPARROW MEMORIAL FUND

A closing date of October 1st has been set for donations to the Minerva M. Sparrow Memorial Fund of the Mattapoisett Historical Society. A recent generous contribution from a relative of the late Miss Sparrow, Miss Sally Atsatt of Pasadena, California, was the third from that State and the combined sums did much to enable the fund to pass the mark of $300.00 to which it has attained. Other out of state donors were from Connecticut. Dr. and Mrs. Peter V. C. Dingman, the latter a niece of the late Miss Sparrow, were early in their response from Middlebury, Connecticut. Mrs. Dingman, a visitor to Mattapoisett last week, learned from Miss Lydia Le Baron Walker, Fund chairman, advance information concerning the use to which the Fund will be applied.

Anyone wishing to contribute may send a gift in any amount by check to Miss Walker, Box 172, Mattapoisett, Mass. 02739 by September 30th. Checks are to be made payable to the Mattapoisett Historical Society and marked "Memorial Fund". Miss Sparrow's own contributions to the Historical Society are numerous and designated. It was recently commented to Miss Walker by Mrs. Dingman that a far reaching but less known contribution to race relations had been

JUNIOR GRANGE INSTALLS OFFICERS

Continued from Page 9

Northboro Junior Grange. The worthy master, Mark Breton, presented gifts of appreciation to the suite.

Past Master, Mark Harris, was presented a past master's jewel by the matron, Mrs. Mildred LeBaron, who complimented him on the 2 years of splendid work he had done. The jewel was pinned on by his mother, who was escorted to the altar by the worthy State Flora, Norma Conlon.

This group of fine young Juniors were greatly complimented by Mrs. Conlon, Mr. Brann, State Deputy; Mr. Conlon, master of Cape Cod West Pomona; and Mr. Blomberg, master of Hopkinton Grange.

The enjoyable afternoon was concluded with a social hour with Mr. and Mrs. Real Breton as hosts, who served cake and punch from a very attractive table.

The next Junior meeting will be October 11th, when the new lecturer, Mark Harris, will present the program.

FEELING MUCH BETTER

John Souza, Jr. of Pearl Street, Mattapoisett, known to almost everyone in town, is recovering very well from the illness which has laid him up for the past few weeks. Johnny had been confined to his home but has recently been getting out in his yard where he could enjoy this Indian summer and chat with a host of friends as they pass. Sunday, Al Morgado drove him for the first ride around the town since he was taken sick. He asked that all of the many friends who have been so thoughtful during his illness be thanked for remembering him constantly with cards, gifts and good wishes. He is very grateful for all of these friendly messages.

John works for Roland's Market, in the store where he has been serving Mattapoisett people for many years.

M.Y.C. Annual Meeting

The annual meeting of the Mattapoisett Yacht Club was held at the clubhouse on Sunday afternoon, September 1st, beginning with a social hour. The presenting of this season's awards was next in order. Special awards were given to three Juniors: P. McCarthy, best racer; J. Ross, sportsmanship; and Ann Duff, Lucy Agnalt award.

The following slate of officers was elected: Charles Pieper, commodore; George Fisher, vice-commodore; Peter Briggs, rear commodore; Horace D. Darrah, secretary; and William H. Potter, treasurer.

Award winners for 1968 are as follows: June Saturday Senior Series, Corinthians, G. Fisher, Cloud Nine, first; S. Ruel, Lulu, second; A. McLean, Demo, third; Beetle Cats, H. Pentleton, Swamp Fox, first; D. Briggs, Eeyore, second; B. Roderick, Pussy Kat, third; July Saturday Senior Series, Handicap, S. McGowan, Gryphon, first; M. Lewis, Fuzz II, second; C. Young, Spindrift II, third; Corinthians, F. Farnham, Diana, first; A. McLean, Demo, second; B. Mee, Irish Eyes, third; Beetle Cats, H. Pentleton, Swamp Fox, first; A. Anderson, Boat, second; J. LEAGUE OF WOMEN VOTERS

A general meeting for members of the Marion League of Women Voters will be held at 10 A.M. September 25th at the Tabor Annex. Members are urged to bring a guest and anyone interested in joining the league is invited.

A coffee hour will precede the business meeting. Mrs. Laurence F. Brooks is chairman of the social hour and will be assisted by league members. Mrs. Ralph Thacher, president, said plans and programs for the 1968-69 year will be discussed.

All officers and chairmen of committees will present a brief outline of their duties. Mrs. Thacher and Mrs. Earland D. Briggs will report on the annual fall conference of the Massachusetts League of Women Voters held at Dean Junior College in Franklin, which they attended.

PROMOTED TO MAJOR

The promotion of James M. Shepley of Mattapoisett to the rank of major in the 443rd Civil Affairs Company of Warwick, Rhode Island was announced recently by Lt. Col. George E. Farley of Warwick, commanding officer.

Major Shepley, a sanitary engineer in the unit's public health team, is an assistant manager for the Travelers Insurance Company in civilian life. He lives on Winnatuxet Beach Road, Mattapoisett, and is the father of five children.

Winter Wonderland Fair

"Winter Wonderland" has been chosen for the theme of the annual Christmas Fair of the Mattapoisett Woman's Community Guild, to be held December 3rd in the parish hall of the Mattapoisett Congregational Church. General chairman of the fair is Mrs. Helmuth Heuberger, Jr., assisted by Mrs. Anthony Roderick. Table chairmen are Mrs. William Huggard, Jr., gifts; Mrs. Clifford Tripp, handknits; Mrs. Robert Boardman, grabs; Mrs. Robert Bennett, food; Mrs. Clifford I. Tripp, Jr., candy; Mrs. Nathaniel Mendell, aprons; Mrs. Howard Bates, attic treasures; Mrs. Edwin L. Perkins, plants. Mrs. Robert Johansen is in charge of hall decorations and posters will be designed by Mrs. Robert Seeley. Mrs. Horace Darrah is luncheon chairman.

A meeting of the table chairmen was held

be approximately $654,000.00 or 53% of the total town expenditures. While I am not acquainted with the exact figures, I estimate that the total cost of education in the school district (Mattapoisett, Marion and Rochester) exceeds $1,000,000.00. This is "Big Business".

Everyone is familiar with the impact on our collective tax rates. Looking at education expenditures over the past 5-10 years, it can be stated with certainty that this impact will continue its upward spiral if the methods of operation remain unchanged. Contributing heavily to this unchecked trend, in addition to increased school age population and the need for additional costly classroom space, is the continuing increase of State Control in the educational field.

In this age of fantastic advances in technology of all types, no forward-looking taxpayer should deny our children the kind of education they must have in order to compete in the world marketplace. What we must do, however, like all big business, is to find a way to provide this education at the lowest possible cost.

Business, when faced with sudden or prolonged increases in workload, resorts to techniques, such as, overtime work or multi-shift operation to avoid costly duplication of capital equipment and facilities, in addition to looking for more efficient ways of labor and material usage.

There are 365 days in a year but our yearly school session involves only 180 days. Could not more efficient use of our teachers and facilities be made both during those 180 days and the remaining 185 days?

I applaud Mr. Pierce's foresight and would suggest a district committee be appointed by the respective school committees and boards of selectmen to provide a complete and in-depth study of the situation.

William F. Maclean

7 Tobey Lane, Mattapoisett
September 13, 1968.

LETTER TO THE EDITOR

The extended year plan for the high school is obviously intended to please the tax-paying laity who can not know the pitfalls which immediately become apparent to professionals.

Let me say, at the beginning, that I can shed no tears for the mother who can not stand having her own youngsters around the house in bad weather and who longs for them to get back to the teacher who will have from 35 to 150 in a room at a time. The magic number of 25 is becoming a lost dream. However, I do sympathize with the home which would have young people in two or three schools with varying vacation periods. Maybe they don't like winter resorts!

You easily toss off the expense of air-conditioning. There are 40 classrooms, not counting shops. There are several big and little offices. Even now, the teachers' workroom, at this time of year, is suffocating, by 11 o'clock, often reaching 86. The library is a large, very hot, room, and the cafeteria is stifling even without the kitchen doors being open. The gym and the auditorium, and the music room, are very large, and they would have to be done if those who were going to school in summer were to be offered the same advantages as the others.

At present repairs, new installations, and thorough cleaning of the building are done in summer. It could not be accomplished in one-week periods and there would always be either some part of the building in disrepair, or work being done under conditions difficult for everyone. Did you ever try to concentrate with a big tractor cutting grass just outside? Add that noise to the air-conditioners and it could be a bit distracting!

Do these planners actually mean that the teachers would teach 48 weeks? Did you ever get a good look at the vacant-eyed near-zombies standing before the classes in June? One week doesn't cure that! Teachers need R. & R. too. Probably trial lawyers and salesmen can best understand the amount of energy it takes to "project" - to sell themselves and their ideas. Teachers have about 120 "clients" a day, plus supervisory duties over an additional number, up to, and including 150.

While the teacher is recuperating - by going to school, or doing some educational traveling, or reading, or planning new courses - who is going to take his place? How can you convince a really good teacher to come in for one term-or to take one set of classes one term, and another the next? How can you get teachers qualified to teach all those subjects? Or, can you imagine scheduling classes and students so that the classes taught by all the vacationing teachers can be omitted? Impossible. You will have to keep a full staff at all times.

I am glad you said, "These year-round school costs seem much lower." Did you add faster deterioration of text-books, more yearly use of paper, extra repairs to typewriters and office practice machines, and teaching machines, and shop machinery, and athletic equipment to maintenance? Do you know how much

SOCIAL SECURITY BENEFICIARIES

Social Security beneficiaries in Mattapoisett who need to report changes of address or other events that affect the payment of their monthly benefits may now do so through the social security office at 759 Purchase Street in New Bedford, Arthur R. Hogan, acting district manager, said today. Reports may be made by mail, telephone, or personal visit.

Mr. Hogan said that up to now beneficiaries were encouraged to notify the Social Security Administration about the occurrence of these events on postcard forms pre-addressed to one of six social security record centers throughout the county. Beneficiaries received the postcard forms when they initially applied for monthly benefits.

Mr. Hogan said that the change in reporting methods is designed to reduce the time needed to change addresses and process other information having an effect on payment of monthly benefits. The change is prompted by the increased capacity of social security district offices to transmit the information over high speed communications circuits to record offices.

In addition to address changes Mr. Hogan said that events that affect receipt of monthly social security checks include employment, marriage or remarriage in some instances, divorce and death.

JUNIOR GRANGE MEETING

Mattapoisett Junior Grange held its bi-monthly meeting last Friday night with the worthy master, Mark Harris, presiding.

It was voted to send a donation to the State Grange for the heifer project.

It was reported that 7,150 cancelled stamps had been sent to the Missionary Sisters in Waltham. Also, many cards and gifts had been sent to the patients in the nursing home for their birthday remembrances.

State projects are to be finished and brought

in to the October 11th meeting. A rehearsal for the installation of the 1969 officers was conducted. The evening closed with several games.

MUMPS VACCINE

On January 5, 1968, a live, attenuated mumps vaccine was licensed. The vaccine is effective in preventing mumps. It is safe and there are practically no reactions following its use.

In accordance with the recommendations of the American Academy of Pediatrics, the Surgeon General's Advisory Committee on Immunization and the Department's own Advisory Committee on Communicable Diseases, the Mumps Control Program this year will concentrate on the immunization of students in junior high school (7th, 8th and 9th grades)

more the electric bill would be? And kitchen costs?

If the buses run only for the high school, where are you going to get drivers who can work only the hours necessary for the one school?

And now let us talk about the kids, the ones for whom the school is run. 1. In these three towns, where are you going to find teen-agers, in their right minds, who will be willing to go to school from 8 to 2 and then do the required amount of homework, with two great, big, beautiful harbors calling to them? You already have said we are taking their youth away by making them do too much homework - now, in the summer? 2. Those students who are going away to college can make the most money in the summer. They can not give up that time - and they are more than a fifth of the student body. 3. What about athletic teams, and band and orchestra, with a fifth of the school shifting every term? 4. What are you going to do about graduation? Those who finish in January or March - must they wait until June for their diplomas, or shall we have several graduation ceremonies? What about proms? Banquets and other of the fun-times? 5. What happens if a student graduates in January and can not get into the college of his choice until September? Work is not easy to find in the winter. Or if he finishes in August and has to go immediately to college in September, weary and penniless? 6. It is already almost physically impossible to get youngsters to come back for the "enrichment" and even necessary make-up programs, and adults are not interested at all. All of the reasons advanced for not taking advantage of the summer offerings would still be used, and considered valid.

In all of this plan, one basic difficulty with our educational system, here, has been studiously avoided - that of having the 7th and 8th graders in the same building, the same corridors, the same basements, the same cafeteria, as the senior high-schoolers. It is a bad situation both pedagogically and psychologically. Most parents with junior high children would rather have their youngsters out of that building, at any cost. The minor problem of desks and chairs, along, is difficult. All students use all the rooms. If the chairs are small enough for twelve-year olds, they are most uncomfortable for seventeen-year olds, and the problem is as bad in reverse.

Have I made myself clear? I could go on!

who have no history of mumps or who have not received the mumps vaccine. The junior high school group was selected for the initial phase of the program because the incidence of complications from mumps is highest in adolescents and adults.

As the cost of the vaccine is reduced, the Division will be able to purchase a sufficient supply for other age groups and for distribution to private physicians. Initially, vaccine will be available for clinics conducted by school health services only. Since the supply is limited, it is recommended that boards of health or school health services determine how many susceptibles there are in the junior high schools and obtain signed consent slips from their parents, then draw on the depots for the required number of doses.

Y.W.C.A. Activities

A "Foliage Trip" to Gillette Castle, a State Park in Hadlyme, Connecticut, is planned for September 29th by the YWCA Travel Club. The castle was the home of William Gillette, whose portrayal of Sherlock Holmes brought him universal fame. Members wishing to sign for this trip should pay $4 bus fare at the YWCA as soon as possible to assure space, and the deadline for reservations will be September 25th. Admission to the castle is fifty cents.

Attention of mothers and girls in grades four through twelve is called to the Y-Teen Department that offers fine activities to all who participate in the programs and clubs. In the various clubs busy planning is carried on, in which new friends and new skills are found. Girls are helped to discover themselves and others in the service activities. Whatever "the word" the Y-Teen Department has it. Registration is now open and in these clubs there are many exciting happenings.

Inquiries will be gladly received by Mrs. Grace Young, program director. Clubs include The Little Theatre Group, Sunshine Girls, Jolly Juniors, Y-Teen Service Corps, Junior Ski Club, Riding Club, Sports and Swimming Group, Senior Ski Club, Creative Happenings for Seniors . "Y" telephone, 999-6201.

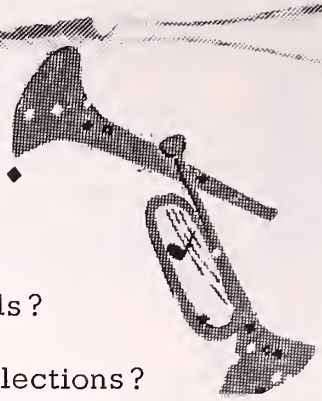
THE LOBSTER POOL

MATTAPOISETT SEAFOOD MART INC. RT. 6, MATTAPOISETT

FOR $1. MORE...



Do you thrill to the great sound of the big band?

Do you enjoy the hits of Broadway's best musicals?
... the nostalgia of operettas?
... the moving strains of symphonic selections?
... the mighty surge of Souza's flag-waving brasses?
... the memories of the incomparable Dorsey, Miller era?

YOU GET FOUR!!!

YOU CAN HEAR IT ALL ... RIGHT HERE, under the superb direction of John R. Pandolfi. Our area is most fortunate to have a quality Symphonic Band, the presence of outstanding soloists, and luckier still to anticipate enjoying four concerts this season!

October 27, 1968	3:00 P.M.
December 8, 1968	3:00 P.M.
February 9, 1969	3:00 P.M.
March 30, 1969	3:00 P.M.

This band enables music students from the area to play with a vital adult, semi-professional group, providing inspiration and incentive. The concerts raise money for a music scholarship awarded to a graduate of Old Rochester Regional High School, add greatly to the community's musical culture, and give us hours of happy entertainment.

All concerts held at Old Rochester Regional High School Auditorium
Patrons and Sponsors will be listed in the program unless otherwise requested.
Gifts are tax-deductible.
